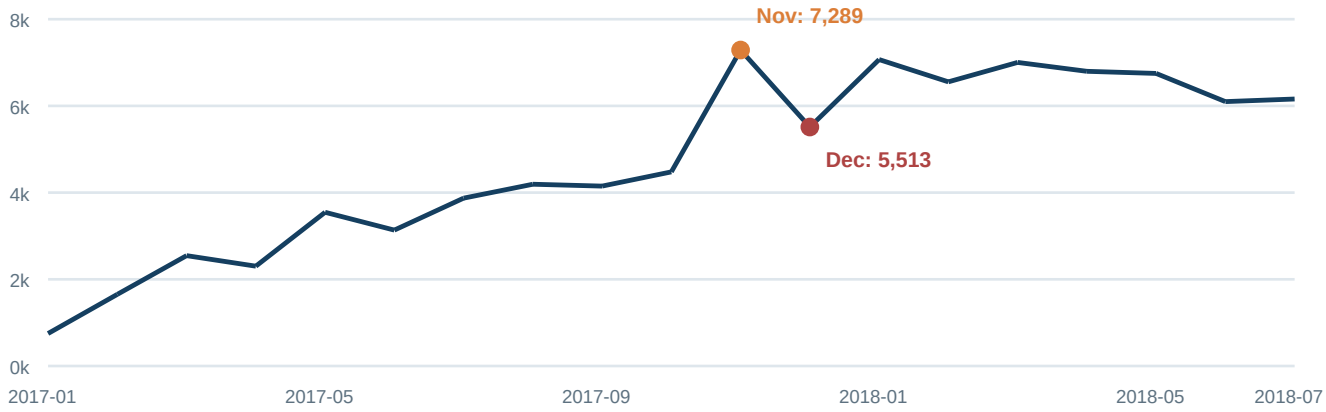
Marketplace Order Investigation

Brazil | Delivered purchase cohorts | Jan 2017 - Jul 2018

NOV 2017 ORDERS	DEC 2017 ORDERS	MONTHLY CHANGE
7,289	5,513	-24.4%

Delivered orders by purchase month



Where the change was concentrated

CUSTOMER STATE	ORDER CHANGE	PRODUCT CATEGORY	VALUE CHANGE
SP	-604	bed bath table	-37,876 BRL
RJ	-266	computers accessories	-32,248 BRL
MG	-253	furniture decor	-31,018 BRL

One unusually large day

November 24 accounted for 1,147 orders (15.7% of November).

Method and interpretation

Orders are grouped by purchase date and counted once; only delivered orders are included.
Product value sums item prices in BRL and excludes freight. It is not platform revenue.
The results identify patterns to investigate; the data does not establish their causes.

Next investigation

Check promotion timing and traffic around November 24 against comparable periods.
Review availability and seller activity in the states and categories with the largest declines.
